

Ontario Northland Historical & Technical Society

Who are we?

The Ontario Northland Railway Historical and Technical Society is a group devoted to the exchange of information among modellers, rail-fans and historians regarding all aspects of the Ontario Northland Railway and its predecessor, the Temiskaming and Northern Ontario Railway. Our members are from Canada, the United States and overseas.

What does membership include?

Membership includes subscription to our newsletter, "The Northlander." Topics include modeling articles, historical stories, descriptions of recent ONR operations or events and more. The ONRH&TS also coordinates occasional conventions and outings for members to get together and share.
